Pau Gasol Launches #OneDayOneDream Sweepstakes

Win A Chance to watch the Spurs vs Warriors, meet Pau Gasol and enjoy the ultimate NBA experience at the AT&T Center

March 2, 2018, (San Antonio, TX) - On February 28th, World Rare Disease Day, Pau Gasol sent out a message to his fans on social media announcing a joint campaign with [TESS Research Foundation](#), a nonprofit organization devoted to improving the lives of children with SLC13A5 Deficiency, a rare epilepsy disease.

Yesterday, Pau announced further details about his #OneDayOneDream sweepstakes hosted through the BidAway platform. The sweepstakes aim to bring visibility and provide resources to [TESS Research Foundation](#) to advance its efforts toward a cure.

To thank those who donate, the San Antonio Spurs player is giving everyone who participates a prize, as well as a chance to enter the raffle to win the ultimate #OneDayOneDream prize. The ultimate raffle prize consists of two prime tickets to the **Spurs vs. Warriors** game on March 19th in San Antonio, watching the pre-game warm-ups courtside, a signed Spurs jersey and a meet and greet with Pau after the game – an incredible and incomparable experience for a true fan.

With donations starting at two dollars, everyone can enter this sweepstakes and have a chance to win the #OneDayOneDream prize. Larger donations result in more chances to win the grand prize. Participants also get guaranteed perks based on the amount they contribute, such as a signed basketball shoe, a video from Pau, exclusive T-shirts, and more.

Pau Gasol is opening the doors of the NBA to his fans with the will to raise funds for the [TESS Research Foundation](#) and make a difference worldwide alongside his supporters. All funds from [BidAway.com/Gasol](#) will go to the Foundation's research and projects. The campaign is active as of March 1, 2018 and the winner will be announced on March 16, 2018 on Pau Gasol's social media.

All those interested in this campaign can participate via the following link: [bidaway.com/gasol](#).

About TESS Research Foundation

TESS Research Foundation is a 501(c)(3) tax exempt public charity established to fund research in search of a treatment or cure of Citrate Transporter Disorder, a genetic neurological disorder associated with the gene SLC13A5. We are also here to provide a resource to families who are impacted by the genetic disorder and facilitate information to those engaged in research on the topic. To date, we have already begun funding

groundbreaking research that has identified the function of the gene responsible for the disorder. The next crucial step is to develop an effective treatment or cure for those affected by the neurological disorder.
